

2024 Aston Martin DB12

Tow Eye

1. Insert the tow eye carefully through the grill and install to the exposed female threads (A) until fully engaged against the vehicle body.

The tow eye has a left hand thread.

Protect vehicle paint work when installing the tow eye.

2. When being towed, use the footbrake very gently when required, to prevent excessive slack on the tow rope.

Parklock

If the vehicle fails to start or has broken down, the automatic transmission will move into P (Park) to prevent unintended vehicle movement. The parklock will not release. Call Aston Martin Assistance.
