

2017 - 2025 Porsche 911 - Towing

✓ PDK available

Using a Tow Eye

The towing eye is stored in the tool box

Press the lower edge of the appropriate plastic cover into the bumper until it disengages

Pull the plastic cover out of the bumper and let it hang by its thread

Screw in the towing hook as far as possible counter-clockwise (**left-hand thread**)

Porsche 911 can contain a PDK system or a dual-clutch transmission.

2017 - 2025 Porsche 911 - Towing

Using Flatbeds

- Only use platforms if the electric parking brake can be released.
- In the event of a breakdown, such as if the on-board battery is not charged, do not pull the vehicle onto a platform

- **PDK is available:** Select gear selection N.
- **Manual transmission is available:** Move shift lever to neutral.
